RE: 2007 Central Mountain Air Schuss Boomer Downhill

Dear Sponsor:

THANK YOU for your tremendous support of the 23rd Annual Schuss Boomer Downhill held Saturday March 24, 2007. With the very generous support of you and the 62 other businesses and individuals in and out of our community contributing to this event, it was our most successful Schuss Boomer Downhill ever!

With 61 racers entered for the event this year, it proved again to be an exciting and successful race. The race was capped off with awards, prizes, raffle and silent auction items along with lots of laughs and fun. This year, due to the overwhelming support by you our sponsors, we generated proceeds of \$5713.23 for the Smithers Alpine Ski Club.

The club uses these funds to support Nancy Greene and Junior Alpine development. Items such as timing systems, fencing, gates, flags and other course safety equipment are costly. Your company's support helps the club obtain these items.

The 24th annual Schuss Boomer Downhill committee will be meeting shortly to start planning next year's exciting event. We know that with your continued generous support it will be better than ever!

For more information, results and some terrific pictures visit our website at www.schussboomerdownhill.com.

Thank you again for your contribution.

Sincerely,

The Schuss Boomer Volunteers

Kelly McCormack & Heidi Westfall
